# Don't forget to complete the 2024/2025 Student Learning Survey

We encourage parents/guardians/caregivers to participate in this survey, as the results are important in identifying and celebrating current strengths, as well as determining where the school needs to focus improvement. The surveys contain standard questions for the Province – in addition, questions from the school and/or district that focus on local conditions or issues may be included. The survey can be completed electronically and can be accessed on the Internet at

Any computer or mobile device with an Internet connection can be used, and access to the e-survey is simple and secure. The survey can be accessed through the link and by clicking on Take the Survey. On the login page, click on the Parents icon, and then select the school district and school name where your child attends school. Provincial, District and School Reports for previous years can be viewed at the same site under the Results section. The e-survey site will be open until May 2, 2025. If you have any questions, please contact Ms. Cicchelli at maria.cicchelli@sd23.bc.ca.
