Partners for inclusive Education (PIE) is a welcoming online space committed to supporting parents/guardians to learn more about the how students with neurodiversity, disability, support needs and/or diverse abilities are supported in their neighborhood school.

PIE is a space where parents/guardians, staff and community come together as partners to champion inclusive education by learning and supporting each other as we navigate the school years together. We connect virtually five times a year offering workshops, speakers, and opportunities to connect with other parents/guardians.

The purpose of Partners for Inclusive Education can be found on the School District website under Parent Resources
